Ideal for free-spirited couples looking to avoid conventional weddings and embrace the delights of the British countryside.

Lizzie & Jim

My name is Lizzie and I run Wedding Yurts with my partner, Jim. We strive to deliver an intimate and bespoke service offering expertly crafted packages. We advise on beautiful yurt-friendly locations and recommend excellent suppliers who will complement your ideas and help make your vision a reality.

We love yurts because they are perfectly designed to create a beautiful, spacious and stable structure that can be erected almost anywhere, giving the bride and groom the freedom and flexibility to reflect their own personality in their big celebration.

We love to travel, and just as nomadic craft-workers and merchants have travelled throughout history to serve those who needed their skills, we travel all over the U.K to serve charming couples on one of the most special days of their lives.

We personally deliver, erect and dismantle the yurts for you, so there is no need to worry about any of the practicalities. Also, our luxury Wedding Yurt package includes: on the day coordination, styling, decoration and our decadent Champagne Yurt Bar.

We love what we do and are very happy to share our knowledge and expertise with you.

Our luxury Wedding Yurts are beautiful and possess an intimate and magical atmosphere. Complete with solid oak floors, wooden furniture, strings of golden fairy lights and crystal chandeliers, they need very little decoration.

Our Yurts

Our Wedding Yurts have been designed with very close attention to detail. Hand-crafted in Wales by master craftsmen out of sweet chestnut wood sourced locally from sustainable woodland, the frames are finely finished and covered in cream canvas.

We worked closely with the yurt makers to design a venue that is light and spacious because we understand the importance of these elements for any celebration space. Careful consideration was given to the design of the roof, which is based on Turkmenistan yurts with their curved roof ribs, to create extra height. Also, all of the furniture is made from timber to complement the sweet chestnut structure.

Our largest Wedding Yurt features an extra-large front door which is 9ft wide and 6ft tall. It has a large panorama window on one of the side walls which creates the perfect backdrop for the top table, showing off the views of your chosen wedding venue or the rows of fire bowls lighting up the landscape in the evening.

All of our yurts have the option of solid oak wooden floors which complement the space by adding that extra level of luxury, necessary for the chairs and tables to be stable and for guests wearing high heels. Additionally, it provides extra warmth and protection from the weather and makes an excellent dance floor.

The yurts are completely weatherproof and suitable for all seasons. For example, the top wheel has a removable clear plastic cover which allows for excellent ventilation to keep the space cool in hot weather.

Our Wedding Yurts provide the perfect solution for couples looking to embrace the countryside without losing the luxury and style that bricks and mortar can provide.

Our yurts can be erected separately or connected together. We have two 12ft yurts, one 20ft yurt and a magnificent 32ft yurt, which all connect together to create an impressive boutique wedding venue.

On the Day Coordination

As part of the Wedding Yurts Service, we offer on the day coordination, because most suppliers arrive on the morning of the wedding when the bride, groom, family and friends are all either getting ready or attending the ceremony.

It's important that suppliers have a point of contact at the yurts, whether for directions, instruction on where to set up the cake or band, or any of the many other elements required when creating the perfect day. At a conventional wedding venue there is usually a wedding planner to help with this.

However, when 'dry-hiring' a yurt, tipi or marquee, most companies set up the structure and then disappear, but Wedding Yurts offers the entire service. Everything is covered, from the provision of beautiful yurts and recommending trusted suppliers before the day, to the following on the day tasks:

- last-minute final touches and yurt decoration
- coordinating and directing suppliers with the deliveries and set-ups
- schedule of timings to ensure smooth running of the day
- practical help with taking canvas walls off on a hot day, or reattaching them if weather conditions take a turn for the worse
- clearing away tables and benches ready for the evening party
- transforming the space when night falls with fire bowls and torches with citronella to keep mosquitoes away
- lighting hundreds of candles, which look magical and light up pathways and trees, allowing people to walk safely back to their luxury yurt accommodation or cars

All of the above is taken care of by myself, Jim and my trusted girls, who work closely with me throughout the day, to make sure your guests are comfortable and that your day is all you wish for it to be.

This service is included in our Complete Wedding Yurt Package (see p.23).

A woman with dark hair styled in an updo, wearing a light green dress and large pearl earrings, is leaning against a wooden lattice structure. She is surrounded by pink cherry blossoms. The background is a bright, outdoor setting with a wooden fence and greenery.

Styling & Decoration

We provide a personal styling and decorating service, this ensures that your special day is expertly crafted and truly reflective of your wishes. It is coordinated and completed with all of the elements required in order to make your wedding process stress-free and your wedding day perfectly you.

Our service includes:

- a planning meeting over tea and cake
 - a site visit
- inspiration boards for yurt and venue decoration
 - sourcing props and suppliers
 - installing decorations
 - styling table-scapes

All this is included in our Complete Wedding Yurt Package (see.p.23).

We are blessed to have the pleasure of working with many wonderful British craftspeople that do everything from building yurts to baking cakes, and they do it with skill, style and grace second to none.

We can recommend some of the best suppliers in the U.K wedding industry who can compliment your style and offer you a wedding service like no other.

For your reference, these beloved suppliers are featured on our blog:

www.weddingyurtsblog.wordpress.com

Our signature champagne cocktails have been designed to wow your guests and add an extra sparkle to your party. However, we can create a menu to suit your individual tastes and requirements, should you have something else in mind.

Champagne Yurt Bar

Our licensed Champagne Yurt Bar is sumptuously decorated to create a decadent ambiance.

We specialise in champagne cocktails and we can create a package to suit your requirements. From an extravagant champagne reception to an intimate cocktail bar, it can be part of the main wedding yurt or set up separately in another area of your chosen wedding venue.

The Champagne Yurt Bar includes: beautiful vintage wooden bar, oak floor, wood burner, soft furnishings, décor, fairy lights, chandeliers, glasses, vintage glassware, ice, staff, licences and insurance.

A tailored package can include complimentary welcome drinks, table wines and champagne for speeches.

We always have a good selection of vintage whiskey, brandy, rum and botanical gin and vodka.

We can create a cocktail especially for you and we have two large glass urns which sit on the bar and can be filled with cocktails of your choice.

Prices start from £750.00

All of the above is included in Our Complete Wedding Yurt Package (see.p.23).

Our experienced staff will look after your guests, serving drinks and clearing empties, making sure everyone is having a wonderful time and enjoying the magical yurt ambiance.

Imagine following a path lit with hundreds of candles leading you to your luxury yurt, where the wood burner is stoked and the champagne's on ice.

Honeymoon Yurt

Our luxurious Honeymoon Yurt is beautifully decorated for a magical wedding night under the stars. Imagine following a path lit with hundreds of candles leading you to your luxury yurt where the woodburner is stoked and the champagne's on ice.

The yurt comes complete with double bed, organic cotton bedding, feather duvet, pillows and sheepskin rugs. For an extra level of warmth and luxury there are wooden doors and floor, and a woodburner with a basket of logs. Additionally, candles and flowers will be perfectly placed to set the romantic scene.

We decorate with strings of golden fairy lights, chandeliers and candles to create a magical ambiance. However, the yurt can be decorated and styled differently should you wish.

Wedding night hampers are available with champagne, strawberries and aphrodisiac chocolates; a breakfast hamper full of your favourite foods can be ordered, including freshly ground coffee, home-made jams, and bread.

We can deliver all around the U.K and set up at your chosen wedding venue, or help you find a stunning location.

The Honeymoon Yurt can be hired separately for £795.00, or included in the Complete Wedding Yurt Package (See p 23). However you need it to work, we can make it happen.

Sleeping with the stars above the bed and waking to the sound of birdsong makes a truly blissful experience. The yurt sets the right tone for your wedding night, creates the perfect end to your special day and most of all provides a luxurious beginning to your happy life as man and wife.

On a hot summers day we can take off the canvas walls and open up the yurts making them cool and comfortable for your guests.

Important Things to Consider When Planning a Yurt Wedding

Often the first consideration when it comes to weddings is location.

The great news is that our Wedding Yurts can be erected almost anywhere, so finding a beautiful location is an exciting experience. Here are a few basic, practical tips to help you find the perfect site:

- When choosing your venue space, remember the practical aspects that are needed to make your day a success: access, parking, electricity, and water supplies. We are happy to come and make a site visit before you book to identify any potential issues.
- Choose a site that has relatively level ground. Our new oak floors are great for sorting out uneven ground to give a flat surface for tables and chairs, protection from the weather, and a solid dance floor, allowing you more flexibility. However, it is still the case that flat, even ground is ideal.

- Our Wedding Yurts can be installed in a garden for a garden-style wedding party, a field for a festival-style wedding party, by a river or lake for a picnic-style wedding party, or in the woods for a secret wedding party.
- Make sure that you have access to the fields or grounds several days before your wedding to allow time for your yurt to be fully set up.

When expertly done, an outdoor, festival-chic wedding can be a luxury, boutique experience. The options are endless, and with Wedding Yurts the perfect one for you will be brought to life.

Unforgettable days full of luxury, comfort, beauty, freedom of expression,
and most of all, LOVE! At Wedding Yurts we do everything
with a touch of love: nothing less will do.

"We couldn't recommend Wedding Yurts more highly. Our wedding was the most magical and beautiful day, where every small detail was thought of and the feel of the event was wonderfully created. The yurts, décor and features such as candles and wood burners captured the essence perfectly.

The level of care and attention that Lizzie and her team gave was amazing. From the set up a few days before, which felt like a festival atmosphere, to the supportive and efficient service on the day, during the party, behind the bar, and finally to the pack up at the end.

Lizzie and Jim got the feel of what we wanted perfectly and our friends and family were wowed and amazed. Thank you so much."

"I wanted to say another huge, giant, titanic thank you for everything you did to help us on our wedding day. You and Jim are amazing - defacto wedding planners, architects, nerve calmers, stylists and vintage glamour generators all in two very friendly people :) I am SO glad we worked together creating what we did. Every single person on that day was absolutely blown away by the yurts - even my parents who had obviously heard a lot about them before they were put up! I cannot emphasise how perfect it was, how much the whole setting and the atmosphere fitted us as a couple and how we appreciated all your help. Everyone always says their day was special and memorable, but I know that nothing will top that. It was the best."

Claire & Andrew Baber Wedding 22nd of June 2013

“Our wedding day was amazing, I know everyone says that, but it really was! It would not have been as beautiful and amazing had we not chosen Wedding Yurts.”

Lizzie and Jim were brilliant from the very beginning. There is so much involved with having a wedding at home, but they really helped put our minds at rest with all their knowledge and experience. There were so many decisions to make and Lizzie helped tremendously with this, from the decor, the wine and welcome drinks, to where to put the beer bar!

Lizzie and Jim became part of the family the week before the wedding and we really enjoyed having them around, and thoroughly enjoyed the whole run up to the big day; seeing the yurts develop each day was wonderful. We couldn't have wished for a more professional, personal service than we received: they are a real credit to the wedding scene. They were so trustworthy and reliable, and we have never met such hard working people. We really wish them so much luck for the future and hope everyone decides to choose the yurts because it really made our big day so special.”
